[illegible][illegible]

The graph is plotted on a set of horizontal lines. The left vertical axis is labeled 'NEBULIZER' and the right vertical axis is also labeled 'NEBULIZER'. The horizontal axis is unlabeled. A straight line is drawn from the bottom left towards the top right. A second curve starts at a lower point on the left, crosses the straight line, and then continues to rise above it towards the right side of the graph.
