Date	LABORATORY
------	------------

A hand-drawn diagram on lined paper. It consists of two line segments. The first segment is vertical, located on the left side of the page. The second segment is diagonal, sloping upwards from left to right, and it intersects the vertical segment at a point. The intersection point is located approximately in the middle of the vertical segment. The diagonal segment extends from the intersection point towards the upper right corner of the page.

[illegible]

3/10/201

A hand-drawn graph on lined paper. The graph shows a curve starting at the origin (0,0) and increasing at an increasing rate, passing through approximately (1,1) and (2,4). The curve is concave up.
